JOHN R. GREY SAYS BOND ISSUE HAS HIS SUPPORT

**States He Is Not Opposed to
High School Project; Urges
Action on West Side**

John R. Grey of 667 West Doran street yesterday afternoon in his real estate office at 128 North Brand boulevard pledged his whole-hearted support for the coming high school bond election.

"The attitude may have been gathered that I am opposed to this bond issue," declared Mr. Grey. "The contrary is the case. In fact, I would favor the issuing of a still larger number of bonds if it were possible. I would be more in favor of the expenditure of \$750,000 than \$600,000 for the new educational plant.

"I will certainly vote for the bonds. Of course, I don't take it upon myself to speak for any other member of the Foothill Improvement association."

"A person would have to be a fanatic or a nut," to use plain language, to oppose the high school bonds in the face of the situation as we have it here today.

"It would be good business on the part of the school board to make the best bargain possible in procuring and holding for a few years a west side site until conditions become more stable than they are now."

Three Tracts Available

Mr. Grey called attention to the fact that so far as he knows there are only three tracts of land on the northwest side containing sufficient acreage for a high school.

One of these is owned by I. W. Gardiner of Los Angeles. It lies at Sixth street just west of Pacific avenue. A short time ago Mr. Gardiner placed a valuation upon it of \$5000 an acre, it is said. This would make the price of twenty acres \$100,000.

The second tract is owned by the Hahn estate and consists of about 125 acres just across the flood control. This property is bisected by the Pacific Electric line to Burbank. By direct line it is slightly over a mile from Broadway and Brand boulevard.

The third tract adjoins on the (Continued on Page 2)

VARIOUS KINDS OF CITIZENSHIP DISCUSSED BEFORE ROTARY CLUB

**Major William T. Morgan Says Ideals Lower After
Every War; Urges Support of Rule of Majority**

"Citizenship—good, bad and indifferent"—was the subject of an address at noon today at the weekly luncheon in the Chamber of Commerce dining room of the Glendale Rotary Club by Major William T. Morgan, manager of the lecture bureau of the International Correspondence Schools.

"After every war, there comes a period of lowering of ideals both national and individual," declared Major Morgan. "The entire nation is based on the rule of the majority. A good American will support this rule not only in principle but also in practice. The highest type of citizenship believes in this majority rule even when they are in a minority. Out of that attitude grows loyalty to the officers of a state or nation who are elected by majority rule. They may not be our choice but they are the choice of a majority and we owe it to the principles of majority

Dr. Harrower Has Unpleasant Ride and Pleasant Talk

Dr. Henry R. Harrower enjoyed two privileges which money will buy while on his eastern lecture tour.

He had the most uncomfortable ride of his ten days and nights on the train of the crack Twentieth Century Limited between Chicago and New York for which he paid \$9.60 extra for speed, curves, jolts and loss of sleep. He is going to suggest to the New York Central that the service be inlaid with springs.

The next night he stayed awake until 1 a. m. to telephone to Mrs. Harrower at home here, the difference in time between Glendale and New York being three hours, so she retired satisfied that her husband was comfortably settled for a few days at the Hotel Commodore.

The next day he settled \$6.65 telephone toll—a very reasonable charge for 3500 miles of strung-out conversation, he thinks.

HIGH SCHOOL BOND ELECTION TO BE CALLED QUICKLY

**County Authorities to Be Asked
to Prepare Papers at Once,
Local Board Decides**

The high school board of trustees met at the high school at 5 o'clock yesterday afternoon for a short session.

Official steps were taken to bring the action of Monday night's mass meeting to the attention of the county board of education. It was decided to request the county office to prepare the legal papers for the calling of the election as soon as possible.

Decision was made to establish polls at the three schools used in the previous school election, Glendale Union High school, Cerritos school and Central school, so that the preparing of the technical papers in regard to the election will be greatly simplified.

The exact date of the election cannot be foretold by the board. It is estimated that the county office will require a week to prepare the necessary papers. After that, it will be necessary to advertise the election for twenty-one days. This would bring the date of the election about April 20.

Urges West Side Site

Captain W. B. Kelly of 927 East Randolph street, member of the realty firm of Kelly & Van Arsdol, 106 West Colorado street, appeared before the board and urged immediate consideration of the purchase of a west side site before it should be too late. His arguments were favorably considered.

Principal George U. Moyle made a special trip to the office of Mark Keppel, county superintendent of schools, this morning, to obtain information in regard to the legal phase of the subject and to ascertain whether or not the school board could obtain options on another site as suggested.

The resignation of Miss Ada L. Brown of Los Angeles as instructor of the business women's gymnasium classes, which was tendered on account of illness, was accepted by the board. In her place was appointed Miss Frances B. Baldwin of 509 South Madison street, Pasadena. She will report next Tuesday night.

Besides Principal Moyle and Irving H. Oliver, clerk, three members of the board were present at the meeting: H. W. Yareick, 347 West Wilson avenue; Dan Campbell, North Glendale, and Capt. T. D. Watson, 526 North Central avenue. Dr. Harry V. Brown of 144 North Orange street and Mrs. Blanche A. Gardiner of Eagle Rock were absent.

DR. HARROWER HOME FROM TRIP EAST; WRITING BOOK BANKER TELLS HOW REALTORS SHOULD HAVE SUPPORT

**Spends Month in Traveling
and Says Radio Phone
Proves Great Craze**

Chasing rainbows isn't among Dr. Henry R. Harrower's scientific achievements, but brushing storms aside seemed to be an attribute to his eastern trip which covered a month's time and included Chicago, New York, Brooklyn, Boston, Providence, Albany, Buffalo, Detroit, Battle Creek, Milwaukee and Kansas City. He returned last Saturday to his Glendale laboratory and yesterday was interrupted, while writing a new book, just long enough to glean a few facts about "back home."

Briefly, he learned three things while away:

First, his business is growing in spite of competition.

Second, that Hiram Johnson, senior senator from California, has become the storm center of political discussion again, and—

Third, the east is crazy upon the subject of radio phones, being installed in so many homes that almost anywhere you can "sit in" on a show. Four or more receiving sets are to be found in every block and the manufacturers cannot supply the demand for equipment.

Brings Good Weather

"There seemed to be a good genie following me," said the doctor. "I didn't get into bad weather, even to coming back, although storms preceded me at every place I stopped. It was twenty-eight below zero at Laramie, Wyo., the day before our train arrived, but the sun shone upon us and everybody enjoyed themselves. At Omaha a blizzard had raged two days before, but it had cleared away. A heavy snow fell at Chicago going east and New York was just recovering from a storm the day I arrived."

"On the return trip I missed a heavy rain at Kansas City by a few hours and ours was the first train on the westbound tracks through Cajon Pass. And now Mrs. Harrower tells me it is beautiful weather because I have gotten back. I will have to thank the weather man."

When asked about economics in the east, the doctor declared "there is no economics, but business is getting better and politics is getting worse." He learned that the jaundice form of influenza was prevalent, but the epidemic had not reached the serious proportions of 1918-1919.

Dr. Harrower, who is an eminent authority on glandular therapy, had the pleasure of appearing before more than 600 physicians and surgeons and visiting his several American branches in the principal cities.

Girl Scouts, Troop 1, Receive Merit Badges

The Glendale Girl Scouts of Troop No. 1 held their regular meeting Tuesday afternoon at the Congregational church with good attendance. At the conclusion of the scout ceremony, the following members were presented with well-earned merit badges:

Lina Borthick, home nurse and cook; Leta Borthick, home nurse and first aid; Frederick Browne, home nurse and first aid; Mary Stanley, home nurse, first aid and home maker; Carolyn Ayers, scribe. Miss Sharpe, the captain, is greatly pleased with the numbers of members that are winning merit badges as they mean the reward of many hours of hard study and practical experience. A short business meeting was held with Marjorie Hart presiding. A vote was taken in favor of adopting the "penny march," similar to the one in use in many lodges, and bringing "birthday pennies" as well. The proceeds from these will go to the flower fund.

GIVE MAX GREEN SURPRISE

Max Green of 528 North Maryland avenue was pleasantly surprised last night at a "stag party," which had been planned by his wife in celebration of his birthday anniversary, and which was attended by twelve of his friends. Cards were enjoyed until midnight when Mrs. Green served a delicious two-course lunch. Spring and mountain flowers were used for decoration.

KID PARTY IS ENJOYED

The young women of the Philathea class of the First Methodist church had a very jolly time at the "kid" party given in the parlor of the church Tuesday night, and which was attended by twenty-five of the members. Kid costumes, games and stunts were the order of the evening. Novel refreshments of bread with brown sugar, "all day suckers" and ice cream and cake were served.

MRS. HAVEN IS HOSTESS

Mrs. Bert Haven of 409 Salem street was hostess last night to the members of the "500" club. Those present included Mr. and Mrs. J. Fisher, Mr. and Mrs. Earl, Miss Ethel Irard, Miss Eva Irard, Miss Lyndall Haven, Miss Muriel Rasmussen, Miss Agnes Rasmussen and Mr. and Mrs. H. N. Halfhill, and Mrs. and Mrs. Bert Haven. Music and cards were enjoyed and refreshments of ice cream and cake served.

**Senator L. H. Roseberry Says
Co-operation of Banks Is
Necessary to Deals**

Senator L. H. Roseberry, vice-president of the Security Trust & Savings Bank of Los Angeles, which recently acquired the First National and First Savings bank of this city, was the principal speaker before the Glendale Realty board at its luncheon in the Chamber of Commerce banquet hall yesterday noon.

Cooperation of banks with realtors in the consummation of property transfers was the keynote of his informal talk in which he outlined the service offered by financial institutions, a more or less technical topic.

W. H. Moor, president of the Toledo, Ohio, Real Estate board, and father of the multiple listing system, also was introduced. A. Cowan, city editor of this paper, who briefly sketched the newspapers' co-operation with real estate dealers.

Praise for Edition

President C. D. Thom called the meeting to order and after highly praising the "Own Your Own Home" edition of The Glendale Evening News of Saturday last, which has attracted statewide attention already, he introduced G. A. Cowan, city editor of this paper, who briefly sketched the newspapers' co-operation with real estate dealers.

Senator Roseberry said in part: "People usually go to a bank or a lawyer for advice when buying property and when the prospect returns despairingly to the real estate man about the prospects of a loan, there may be several causes. It might be the ultra-conservatism of the banker, or your ultra-enthusiasm as to the value of the property."

"Then, again, it might be that the prospect could not buy at that time, for the power of the buyer to consummate the deal may be inadequate." The speaker then illustrated the point with a story about a prospect (Continued on Page 4)

Mr. and Mrs. Edlessen Secure Residence Here

Mr. and Mrs. Lauritz Edlessen and daughter, Bernice, of Rexburg, Idaho, who drove to San Diego last fall, expecting to make their future home in that city, stopping en route to Glendale to visit Mr. Edlessen's sister, Mrs. Ray Phillips of 406 Oak street, were so entranced with this city that they have now returned here and will make their permanent home in Glendale. At present they are residing at 406 West Oak street. Mr. Edlessen has taken a position with the local Studebaker agency. Mr. and Mrs. Edlessen declare Glendale to be the most beautiful place they have ever seen.

REV. HUNTER LEAVES FOR MISSION WORK IN MANCHURIA

**Minister Goes Back to His Field
of Labor After Spending
One Year in Glendale**

Rev. William Hunter, who has been staying with Mr. and Mrs. David B. Keers at 128 South Kenwood street, left this morning for San Francisco, where he will take ship for the Orient.

After slightly more than a year's absence, Rev. Hunter is returning to Manchuria, where he has spent thirty years as a missionary of the Canadian Presbyterian church.

"It is my home," declared Rev. Hunter. "All the interests I have in the world are there. The Chinese are really a lovable people after you get to know them. They are good friends. Those who are seen in this country, are southern Chinese. They are more intelligent and less robust than the northern Chinese. I have tried many times to speak with them but I haven't been able on account of the dialect."

"As Europe has spilled over into the United States so China has spilled over into Manchuria. There is scarcely any distinction now between the Chinese and Manchurians."

One Thing of Interest

"I think Christianity is the one thing which is necessary for any country without it. That is why I am there. The interesting thing is to see people coming to a knowledge of the truth and living the Christian life. That is the whole thing in missionary work."

Rev. Hunter makes his headquarters at Kwangning, a walled town in Manchuria about the size of Glendale. His district consists of 5000 or 6000 square miles, containing twenty-eight or thirty settlements, a few of which have their own pastors. When asked how many Americans there were in Kwangning, the Rev. Hunter laughed and stated that there were "none at all as he was an Irishman."

He Is Happy There

"I am the only foreigner there most of the time," he said. "Sometimes there are others. However, I am very happy there. The people there are my friends just the same as the people here."

"In my district there are about 1700 Christians. I am pleased to see so many but there ought to be more."

A farewell reception was tendered Rev. Hunter last night at the close of the regular mid-week prayer meeting. He was presented with a gift volume of Bible verses by Rev. W. E. Edmonds, who remarked:

"Life is altogether too short not to take time once in awhile to say a word of appreciation of friends."

NEEDS OF SCHOOLS TOLD P-T. A. AT INTERMEDIATE

**Educational Institutions Are
Growing Just Like City,
Authorities Declare**

"The school problems of Glendale are increasing in proportion to the growth of this city," according to Richardson D. White, superintendent of schools, who gave a talk on "The School Problems of Glendale" at the regular meeting yesterday afternoon of the Intermediate Parent-Teacher association, of which Mrs. W. A. Kulp is president.

The flag salute, led by Miss Tyler, opened the meeting, which was followed by three numbers by the Girls' Glee club of the school, which is under the direction of Miss Gladys Sharpe, "The Moon and the Children" (Franz Abt), "Thine Eyes" (Larsen) and "Peace" (Koschat).

In his address on the school problems of Glendale, Richardson D. White said that as the city grows the school problems grow, and that the saying that "Glendale is the fastest growing city in America" was not merely a slogan, but a fact, as was also indicated by this city being fourth in the list of building permits for the state. In commenting on the increased enrollment in the grammar schools, Mr. White said:

"For many years this city and Santa Monica have been, as it were, running a race and had been pretty evenly matched until 1921, at which time Santa Monica dropped out of the race, Glendale at that time already having an enrollment of 400 more than that city. The \$260,000 bond issue which was recently voted will only relieve the situation for perhaps next year."

Mr. White also told of the proposed \$600,000 high school bond issue which will soon be voted on.

Now at Turning Point

"Glendale is at a turning point as regards the school question. It can either go on as at present or change it and give the people a system that they can be proud of. The people have the privilege of building for the future citizens who will live here and (Continued on Page 4)

NEW GLENDALE CAMP OF SPANISH WAR VETERANS INSTALLS HEADS

**Interesting Ceremonies Take Place Last Night at
Legion Hall; W. H. Reeves is First Commander**

The installation of officers of the new Glendale Camp of Spanish War Veterans in the American Legion hall last night proved to be a very interesting event.

Department Commander Morgan Galbraith was present with his staff. The installing officer, who conducted the ceremonies, was the junior vice-commander, Tom C. Galbraith.

The honor of being the first commander of the local camp has been granted to City Manager W. H. Reeves. Col. John D. Fraser, new chief of police, was installed as chaplain. Both received considerable applause.

The roster of officers includes the following: Dr. William C. Mabry, senior vice-commander; Cameron De-Hart Thom, junior vice-commander; Edward D. Johnson, officer of the day; George G. Lemon, officer of the guard; T. E. Hurd, trustee for one year; Hadley G. Brown, trustee for two years; H. T. Mereness, trustee for three years.

The appointive officers besides the

chaplain are: Frank E. Peters, adjutant; George D. Harness, quartermaster; Irving H. Oliver, historian; Dr. William C. Mabry, surgeon; Capt. William A. Loving, sergeant major; S. A. Warren, quartermaster sergeant; Capt. W. B. Kelly and William R. Phelon, color sergeants; Harry Girard, musician.

After the ceremonies refreshments were served from the American Legion canteen and an hour of fraternal reunion was enjoyed.

Commanders or high officials of the following camps were present: Roosevelt Camp and Admiral Glass Camp, Los Angeles; Hawkins Camp, Sawtelle; McKipley Camp, Long Beach; Ensign Bagley Camp, Pasadena. Representatives of other camps as far away as San Francisco were present and participated in the installation.

Women present took preliminary steps for the formation of an auxiliary to the new camp.

JOHN R. GREY SAYS BOND ISSUE HAS HIS SUPPORT

States He Is Not Opposed to High School Project; Urges Action on West Side

(Continued from Page 1)

Mr. Grey is of the opinion that if the proper approaches were made by the school board to the executors of either of these estates a much more favorable proposition could be secured than from private interests. He believes that it would be possible to secure twenty acres from either one of them at a price about half that asked for the Gardiner site.

Plans for Subdivision
In a short time the site recently submitted for a high school site at Kennilworth and Doran street will be on the market as "Roland Square." Mr. Grey stated positively that this is absolutely out of the question now as a high school site.

"I believe now is the proper time to make arrangements to purchase a west side site. It wouldn't be necessary to pay all cash. I believe the site could be secured on a long-time option—say six months—until a census could be taken and a new valuation placed on the district to increase the bonding capacity of the high school board."

"Without a doubt some action should be taken on the part of the high school board to protect the district against excessive prices in the event that our population continues to increase at the same rate during the next couple of years."

"Should the population continue to increase at the same rate, the plans for a new plant, which the architects state will accommodate 2000 pupils, will hardly take care of the increase in enrollment when it is opened and ready for use."

May Go on Market
As to just how long these three tracts will remain in their present state is a question which Mr. Grey admitted was hard to answer. He asserted that they probably would be subdivided within the next year or two if the present development continues.

After that, it is his opinion that the school board would find the purchase of a west side high school site both expensive and inconvenient on account of the probable necessity of commencing condemnation proceedings and removing residences.

"If the district could obtain a suitable site now at a price not to exceed \$50,000, before five years it would be well worth \$100,000," declared Mr. Grey. "At the end of that time the board could determine from the density of population whether it

Hospital Nurses Go on Pleasant Outing

The outing taken Wednesday by the second year members of the nurses' training class at the Glendale Sanitarium was a pleasant surprise which had been arranged for them by the management of the institution. They had felt almost envious of the senior girls when they motored away Tuesday for a day of picnicking and were genuinely surprised when told Wednesday morning that the lunch was ready and machines would take the class of seventeen, with Dr. Julia White, for an outing. A message was received before starting to the effect that they stop a moment at the Virginia Sweet Shop and call for a package that had been left for the party by Dr. and Mrs. G. Kaemmerling. This was an other pleasant surprise. When opened at lunchtime it was found to contain a generous supply of brick ice cream, for which they were very appreciative. They motored up the Arroyo Seco as far as Teddy's Outpost, crossing the stream four times on the way. The girls found many things to make up an interesting day, some of them hiking as far as Oak Wilde in their quest for novelty. They had lunch at noon and dinner in the evening before leaving for home and all pronounced the "surprise" a perfect success.

Indian Music Will Be Given by Section

The members of the music section of the Tuesday Afternoon club, of which Mrs. Charles L. Marlenee is curator, will be entertained tomorrow afternoon at the home of Mrs. Helen I. Campbell, 718 East Harvard street, with a program of Indian music. Mrs. Campbell will be assisted as hostess by Mrs. S. B. Morse and Mrs. Bine J. Smith.

BALLOT ON WET OR DRY
SAN FRANCISCO, March 23.—San Francisco voters will be called upon at the November election to determine whether they desire a modification of the Volstead act.

It would be desirable to erect a second high school plant. If it should be decided to concentrate upon one site, the west side property could be sold and the revenue applied to the betterment of the favored educational plant.

Meanwhile, either of the tracts could be leased for an amount sufficient to cover taxes and with a balance to apply on the interest of the investment. The Palonconi tract is now a vineyard and the school board could continue to lease the school property jointly with the other owners.

"In any event, the much increased valuation of the land would make it a justifiable venture on the part of the school board, in my opinion."

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Men-
tho-Sulphur to an itching, burning
or broken out skin, the itching stops
and healing begins, says a noted skin
specialist. This sulphur preparation,
made into a pleasant cold cream,
gives such a quick relief, even to
fiery eczema, that nothing has ever
been found to take its place.
Because of its germ destroying
properties, it quickly subdues the
itching, cools the irritation and heals
the eczema right up, leaving a clear,
smooth skin in place of ugly eruptions,
rash, pimples or roughness.
You do not have to wait for im-
provement. It quickly shows. You
can get a little jar of Men-tho-Sulphur
at any drug store.—Advertisement.

SIXTEEN CHILDREN LOCAL BALL SQUAD IN PICTURES AT PLAYS FRIDAY IN UNIQUE PARTY FIRST CONTEST

Make Movies of Young Folk

in Honor of Son

Mrs. George H. Robinson, 226
West Elk street, gave a very unique
and successful party in honor of her
son, Richard Jay Robinson, on the
occasion of his first birthday, March
22. The feature of the afternoon
was the taking of moving pictures of
all the baby boys and girls present
by George Robinson, cameraman of
the Vitagraph studios, and his as-
sistant. For one hour and a half
movies were taken of these sixteen
embryonic stars for this superpro-
duction.

The house and the table were de-
corated beautifully with an appropri-
ate setting of pink sweet peas and
green ferns. A huge birthday cake
decorated with roses and forget-me-
nots, was the cause of much com-
ment and admiration. On the top
of the cake was the name "Richard,"
and there was of course the one
candle in the middle. After the re-
freshments were served, the birth-
day gifts were exhibited.

Glendale High School Team
to Meet South Pasadena
on Home Diamond

With six members of last year's
squad in the line-up, the Glendale
high school baseball team will play
its first league game of the season
tomorrow afternoon on the local
diamond, when the Red and Black
pill chasers will hook up with the
South Pasadena nine. As the two
schools are among the most ancient
of southern California's prep rivals,
the contest promises to be a battle
until the last man is called out in
the ninth inning.

The veterans who won their base-
ball letters on the 1921 team are
Aageson and Wood, pitchers; Mor-
gan, catcher; Wilson and Fruhling,
infielders; Terzo, outfield. With
this array of classy diamond talent
Coach Butterfield should have little
trouble in developing a team that
will make a favorable impression
with any aggregation in the circuit.

He's Hard Hitter
Of the above-mentioned athletes,
"Pete" Fruhling is, perhaps, the most
valuable asset to the squad. Although
last year was his first season on the
school team, he soon became known
as the hardest-hitting infielder and
surest fielding shortstop in the
league. He has ably filled the place
of the school's "all around athlete,"
which was left vacant last year by
Lefty Herman.

Of the candidates who are out for
a place on the team for the first time,
Kingstad, catcher, and Green, third
baseman, are the most likely pros-
pects. Both appear to be steady
players and give promise of develop-
ing into stars before the close of the
season.

Other "first timers" are McCourt
and Dutcher, first base, and Pomeroy,
Alison Clark, C. Clark, Server,
Krukow, Gieb and Sohner, outfield.
Friday's game will start promptly
at 3:30 o'clock.

Miss Marjorie Yarick, daughter of

group of friends at a St. Patrick's
luncheon on Monday. The guests in-
cluded Vivian Thomas, Mildred

Carmack and the hostess. After
luncheon dancing was enjoyed. Ta-
ble decorations were carried out in
the St. Patrick's color and motif.

To Say That We Are Pleased With
The Success Of Our

Annual Shamrock and Introductory Silk Sale

Is Putting It Very Mildly

If we were a small boy we would probably be out
in the back lot turning somersaults, not because of
the profits we are making, but because we feel that
you, our patrons, are pleased with the efforts we are
making to fill the needs of Glendale with a good, live
dry goods store—one that meets all competition and
fears none.

There are only two more days of this sale, and we
want to make them both record breakers. We have
plenty of help, we think, to give quick and courteous
service, and you are expected to come and join the
crowds.

NEEDS OF SCHOOLS TOLD P.-T. A. AT INTERMEDIATE

Educational Institutions Are Growing Just Like City, Authorities Declare

(Continued From Page 1).

Mr. White told of the general system which is being adopted by schools everywhere, and which is known as the "633" system. At present there are two divisions, the grammar school and the high school, the former covering eight years of education and the latter four years. The idea of the "633" system is to make six years of grammar school, three years of junior high school and three years of high school. In that way, it was pointed out, the boys and girls who necessarily must leave school at the termination of the junior high would be better fitted for the needs of the world and would be given a better chance to cope with them.

In discussing this system Mr. White stated that he was presenting it impartially for the consideration of the members of the Parent-Teacher association. When questioned regarding building for a junior high school Mr. White stated that the city schools would not have the privilege of making a junior high school out of any of the buildings or property now owned by them. In some cities he stated that the same school board governs the affairs of the high school and junior high school as those of the grammar school, although holding separate and distinct meetings for conducting the business relative to the same.

Community Service
Dr. Jessie Russell, former state president of the Parent-Teacher association, spoke on "Community Service, Inc.," an organization which, she stated, grew out of the need of the boys in camp during the war. She stated:

"Many of them did not know how to play. Organized play is quite essential both for the grownups and the younger folks." It is proposed that a demonstration of the work covered by "Community Service, Inc." will be made in Glendale, with the view of its adoption here and the securing of a paid, trained leader to have charge of the work.

At yesterday's meeting the membership of the Intermediate association was reported as being 272 members, and an endeavor will be made to make this 300 by the first of April, the federation now numbering 2500 members.

Mrs. Pierson Hanning was appointed representative of the Intermediate P.-T. A. on the nominating committee for officers of the federation for the coming year. Miss Noble announced the entertainment being planned for April 21 by Miss Salstrom and which will be given by the members of the A8 grade, and she also thanked the association for the gift of \$25 for the bleachers being erected on the school playground.

Mrs. Kulp announced the district conference to be held in Glendale on April 4, at the First Methodist church, at which time Mrs. Higgins, national P.-T. A. president, will be present. Mrs. Helen W. Sawyer, legislative chairman, reported that G. D. Waldo, an attorney of Pasadena, had been secured as the speaker for April 26. His topic will be the "Parent-Teacher Association," of which he has made an extensive study.

Horse Racing Scenes Feature 'Thunderclap'

Scenes of Derby days at prominent race tracks are vividly recalled in the William Fox special, "Thunderclap," which opened at the Glendale theater yesterday, the piece de resistance of many thrills and pleasing situations, being one of the most exciting horse races yet seen either on the track or on the silver screen. For the nonce, the atmosphere of the motion picture fades into a typical Empire or Latonia scene in which one finds himself again good naturedly jostled by the vast throng and struggling for a joint of vantage as the entries parade before the admiring thousands. Again there is the suspense as the riders jockey for advantage at the wire, the snap of the barrier, the shout, "They're off," the clatter of steel-shod hoofs, the subdued eagerness while the pageant fairly flies down the back stretch, the turn into the final eighth, the closing spurt, the flash beneath the wire and the shouts for the victor. It is all so real, so genuine and so thoroughly thrilling that this feature alone is sufficient for the entertainment of those who witness "Thunderclap."

Jimmy Aubrey leads "A Charmed Life" as the comedy feature.

Returned Missionary Speaker at Meeting

Mrs. Woodbridge Johnson of Eagle Rock, formerly a missionary in Korea, was the speaker at the all-day meeting of the women of the Presbyterian church in Glendale yesterday. The luncheon, which was served at noon to over 100, was in charge of Mrs. F. D. Rae. Mrs. Johnson told of her missionary work in Korea. Miss Esther Black of Glendale gave an account of her visit to Ellis Island. Mrs. Rex C. Kelley related the work being done among the Japanese of Glendale.

A prize of \$100,000 has been offered by Lord Atholstan, of Montreal, for the discovery of a cure for cancer within five years.

Talking Knight to Appear in Glendale

The citizens of Glendale are to be treated to a novel form of entertainment, according to George T. Smith, 228 South Brand boulevard, the local dealer for Overland and Willys-Knight cars. He says that on Thursday and Saturday nights he has arranged to have appear on the streets of Glendale, a Willys-Knight car that literally talks for itself, and on Friday night the car will be in Burbank.

According to Mr. Smith, the motor of this car runs so smoothly and silently it has been equipped with a glass hood, exposing the working parts of the motor, to prove that it is really running.

The "Talking Knight," as it is called, will address passersby, calling them by their names or identifying them by some distinctive part of their appearance. Some of the fair sex may be delightedly surprised to be told by an automobile how becoming are their new hats or spring furs. People have heard of automobiles being improved until they can be run by children, just as the advertisements of a popular washing machine tells us it "can be run by a child," but we have never before heard of an automobile being taught to speak for itself.

Considerable mystery surrounds this "Talking Knight" and Mr. Smith says he is baffled by it himself. He has offered a prize of \$1000 to anyone proving the "stunt" is done by means of a phonograph. However, the factory has assured him he can teach any car to talk in a similar manner for a small cost.

Mr. Smith states that this car is increasing very rapidly in popularity and is averaging approximately a car a day in sales.

Women's City Club To Meet on Monday

The Glendale members of the Women's City Club of Los Angeles are looking forward to attending the meeting of that organization, which will be held Monday, March 27, at the Walker theatre building. Supervisor J. H. Benn will speak on the complete plans for the new Hall of Records. This will be followed by a business session, at which the report of the revision committee will be presented by Mrs. Charles A. Holland, Mrs. John T. Coleman and Mrs. J. D. Taylor.

The cottage where George Pullman dreamed of sleeping in comfort while traveling still stands in the shadow of the Rockies near Denver.

BANKER TELLS HOW REALTORS SHOULD HAVE SUPPORT

Senator L. H. Roseberry Says Co-operation of Banks Is Necessary to Deals

(Continued from Page 1)

In Los Angeles who overloaded on vacant property and through the good offices of the bank the kindly real estate man liquidated obligations until loans could be protected. Successful Conclusion "It is not uncommon for people to misrepresent their ability to buy," he continued. "Every deal that falls through is a disturbing equation. The function of the banker is to co-operate with the realtor in seeing that they are successfully carried to a conclusion.

"There is no business element in a community propelling progress of a city like the real-estate man. He is selling the future and he must have a vision. The vision of those in southern California has been that factor which has developed it so rapidly. Boasting and boasting are the finest assets we can have if we do not overdo it.

"But, after the sale is made," he moralized, "it must be consummated. You must leave a contented buyer. You ought to be able to make his money secure. And the banker has a burden just as keen as yours. His is the pendulum that swings backwards and gives equilibrium. That is the case where the factor of safety enters.

Not Too Conservative "The banker cannot be too conservative, or he would be a brake. But the banker is the conservator of the community's money which he loans. It is his function then to finance legitimate requirements. However, we must have industries, for we cannot not all be retired and all cannot work in offices or store or farms. So the bankers must meet the needs of these growing enterprises as well.

"But the greatest thing we have here in southern California is our land and the climate. Therefore, the institution which I represent has made a specialty of real property loans. One can feel gratified to be in such a business here where money is to be provided for development, for I am sure you never will see a limitation on the growth of Glendale in our generation."

CARLISLE BROTHERS
PROVIDE PLUMBING
FOR NEW BUILDINGS

When you mention Carlisle,
Plumbing, former residents of
Phoenix, Ariz., will take notice.
For the Carlisle Brothers at 110
West Broadway, Glendale, repre-
sent the well established business
which for years was first and fore-
most in the Arizona capital city.

E. O. Carlisle is in general
charge and he has moved here
and associated with him are L. O.
and T. M. Carlisle, well known in
the Santa Monica bay district.
The former resides at 312 East
Harvard street in the home he re-
cently purchased.

GIVE PERSONAL SERVICE

L. O. Carlisle serves as inspec-
tor and is in charge of the ma-
terial end of the business while
T. M., the youngest of the trio,
does the heavy work as foreman
of the several journeymen em-
ployed. This makes an almost
unbeatable combination when it
comes to personal service, it is
said by their many satisfied
patrons.

It has been the experience of
these artisans that equality at a
fair price eventually will build the
most substantial business and this
applies not only to plumbing, but
sheet metal, steam fitting and al-
lied lines as well. It is their pol-
icy to educate the public to hav-
ing only the best and most per-
manent work done. Quality rather
than quantity is to be desired.

COMPLETE FIXTURE DISPLAY

Carlisle Brothers are putting
forth a complete plumbing display
in their store room at 110 West
Broadway and there the builder
will find anything that pertains to
that trade. However, some delay
has been experienced in obtaining
a stock of small fixtures, the
nearest source of supply being
New York, it is stated.

The grade of work being done
in Glendale is exceptionally good,
according to E. O. Carlisle, and
the installation of fixtures here
is three times as large as it was
in Phoenix per capita. Such sani-
tary conditions bespeak the com-
munity to other newcomers.

WAR MOTHERS HERE PROPOSE TO HOLD LARGE BAZAAR

Funds to Be Used to Assist
Ex-Service Men; Mrs. Dick
Elected As Secretary

About twenty-five members of the Lester Myer Chapter of the War Mothers of America were present yesterday afternoon at the regular semi-monthly business meeting of the organization, which was held at the home of Mrs. Ella Richardson of 317 North Brand boulevard.

Plans were made for the staging of an "old-fashioned country bazaar," the date of which has not yet been announced. The funds derived from the sale are to be used in the chapter's work in aiding unfortunate ex-service men.

Change in Officers

Upon the request of Mrs. Ella Richardson, who was recently elected as corresponding secretary for the organization, her resignation from that office was accepted. Her place was filled by Mrs. Samuel Dick, who had previously resigned from the office of first vice-president in order to take up her new duties. Mrs. S. Houdyshell was chosen as the new vice-president.

Boys of Thornycroft Are Guests at Circus

A number of the disabled ex-service men who are now patients at Thornycroft hospital, this city, are this afternoon being treated to a "trip to the circus" as the special guests of the management of a circus company, which is showing in Los Angeles. The local group is in charge of the Disabled American Veterans' entertainment committee, which is composed of L. W. Hoge, William Brand and Jack Lichtig.

Besides acting as hosts to the veterans who are stationed at the local hospital, the circus management is also entertaining the ex-service men patients of the Barlow sanitarium of Los Angeles and the Compton sanitarium of Compton. The transportation of the men to and from the circus ground is being made in large motor busses which were furnished for the occasion by the Knights of Columbus.

COMMENT THAT'S ALL

McAdoo Shows Some Speed
Favors Having Bus Lines
Her Last Mad Whirl Begins
Postal Situation Serious

By Gil A. Cowan

ALREADY the McAdoos are showing some speed. Besides opening a law office a few hours after he arrived in southern California, he has made two or three dozen speeches, been employed as counsel for the Bank of Italy and several other institutions—and he has had his chauffeur step on the throttle.

The latter overt act occurred in Ventura county and Judge W. F. Shepherd, a Democrat, had to assess the fine. Well, when Bourbon meets a Bourbon in the land, that has turned dry, why shouldn't he wink his eye?

From all evidences there is more than one wink in the good old state today. And, while the majority doesn't get the wink, they have a lot of pleasure in reading about hung juries, fare fights and a dozen other diversions.

Los Angeles is not as wet as a year ago, says Director Samuel Rutter of the coast dry forces.

Los Angeles had the wettest winter in six or seven years, says the weather bureau in a different breath. You can draw your own conclusion as to who is right.

Chief Engineer Osborne of the public utilities board in Los Angeles believes the municipal bus line plan can be worked out to good advantage. Such was the report to the city council and it is in the hands of the public utilities committee.

That is exactly the contention of C. D. Gulick, traffic expert, representing the city of Glendale. Now, what do you think of that?

A tale with a twist unusual, told in the course of justice, is given the world today by Los Angeles.

Her death warrant signed by the doctor, a Burbank woman decided to have her fling. Her husband and daughter, a mere child, tell of one wild party after another. Gone was the wife, forgotten was the mother. "I must live the rest of my life in two years," she pondered. "Here goes." And today she is divorced, the custody of the child is taken from her. The last mad whirl into oblivion may go on without interruption.

Pity the poor students of the University of California.

They must be in bed by 2 a. m. Righteously, they must ask, why go to bed at all?

One more comment and we are through for the day:

Glendale needs a new postoffice location. You bet it does. It needs more room. It has the help necessary to perform the functions better than before, but they are limited by floor space.

The postmaster here, who knows conditions, is tied hand and foot by red tape, and inspectors who waste their time writing reports about getting something for nothing.

Is there no man in Washington in the postoffice department from Hubert Work on down who has the power to do something, and do it quick?

'Penrod' Is Picture To Make You Young

The picture that makes the old world young is Marshall Neilan's "Penrod," with Freckles Barry, showing at the T. D. & L. Theatre for the last times today. It is Booth Tarkington's famous stories converted into eight wonderful reels of film.

Marshall Neilan! Freckles Barry! Booth Tarkington's "Penrod"! Hit that cymbal, here's a super-feature—a genuine one! Every moment of it true-to-Penrod, true to every popular conception of the world's best-known boy. And as for his gang—Sammy Williams, Georgie Bassett, Maurice Levy, Herman and Verman—well, every one of them is what you think he ought to be. Here's the one picture with the appeal of all ages—that takes old fogies back to boyhood and makes them laugh as much as the kids in the next seat or the twenty-year-olds way up in the dark corner.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur
Recipe and Nobody
Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.—Advertisement.

William Sapir to Open Toggery Here

William Sapir, formerly of Cleveland, Ohio, where he manufactured women's garments and acted as representative for other concerns, will open the "Quality Toggery" at 111 North Glendale avenue, specializing in ladies' and men's furnishings. He comes to southern California well recommended, it is stated.

Mr. Sapir's experience in buying gives him a decided advantage in retail merchandising and as he will specialize in garments which he has manufactured, there is every reason to believe that his establishment will meet with favor from Glendale folks.

The storeroom which he has taken was the former location of Mayor Spencer Robinson's realty office and adjoins the Glendale Ice Cream Company's plant. It is opposite the new Glendale hotel site.

Two Candidates for High School Board

Gardiner of Eagle Rock are candidates for re-election.
